Scheduling Process

As we continue to learn more about best practices associated with COVID-19, as well as maintain focus toward preventing the spreading/sharing of germs through the guidelines such as social distancing, we have put into place the following procedure for accessing the Medical Clinic. At this time we are discouraging walk-in appointments, please refer to the following.

1. To schedule an appointment call the clinic to speak with a nurse or provider for screening.
2. If you have a cell phone, once arriving at the clinic, stay in your vehicle, and call to alert the team that you are waiting in the parking area.
3. If you do not have a cell phone we ask that you call as you are leaving your home. When you arrive at the clinic please stay in your vehicle.
4. At your appointment time Clinic staff will call you to confirm they are ready to see you and you may enter the facility or they will come to your vehicle to get you.
