

Join Your **KCHS** Patient Portal

Visit: kchs.iqhealth.com

Together, we are changing what is possible in health care through our passion, collaboration, and innovation. Take a few minutes to join your patient portal.

Dear Patient,

We are pleased to offer secure online access to your medical information through our patient portal. Your patient portal allows you to [view your lab results](#), [view appointments](#), [request medication renewals and refills](#), [communicate with your providers](#), and much more.

If you are interested in joining your patient portal, provide us with your email address when asked so we can send you an invitation to set up your secure online account

Thank You,
Your health care team

Sign Up Now

To sign up, start by letting us know you are interested using one of the following ways:

- ◆ Provide your email address to a member of our health care team today or on your next visit.
- ◆ If you manage the health care of another person, for example your child under age 13, provide your email address to a member of our health care team.

When you receive an email invitation, complete the following steps:

1. Click the **Accept Invitation** link in the email.
2. Answer the security question with your **postal code**, agree to the terms of use and privacy policy, and click **Create Your Account**.
3. Verify your email address, create a username and password, and select your security question and answer.
4. Agree to the terms of use and privacy policy, and click **Create Account**.

After you complete enrollment, remember your username and password, as you will need them every time you log in to kchs.iqhealth.com.

Access From Your Mobile Device

After enrollment, you can also access the patient portal online using your mobile device or download our app from the app store ([HealthLife app](#) from Cerner). Our mobile app provides a secure online application that allows you to:

- ◆ View lab results and other relevant health documents
- ◆ Send secure messages to your care team
- ◆ View your medications

Connect Your Health Management Apps

You can securely connect some of the health management apps you may already use, such as fitness trackers, dietary trackers, and so on, to your health record.

If you're interested in connecting your health management apps, contact us at healthlife@cerner.com. Once we receive your request, we will work with the appropriate vendors to determine if they meet the technical requirements needed to establish a secure connection and respond with more information on how to connect the app to your health record.

Need Help? For technical assistance, contact our KCHS support team at 308-832-3400, Ext. 2118 or 2103.
